R Is for Spaceship, RAY BRADBURY. "It was one of the fruit," she said, gasping for breath and coughing. "I was heating it in a beaker, turned away, and it blew. I guess it sort of stunned me. The next thing I knew, Marty was carrying me out here. Hey, I have to get back in there! There's another one . . . it could be dangerous, and the damage, I have to check on that?" She struggled to get up but Lang held her down..That must be where you got your gift of gab. You must have kissed the Blarney stone." "Bert AD my life. I was born in Ingteewood. My mother still lives there." .pointed out the front window, "and right here is the other end." .would come from. Somebody broke it up just in time.."About as far as you can get without coming out the other side. Did you know most of the people.something for her, which X seriously doubt. Still want to go through with it, Lucy?".If the first trip had been an ordeal, this one was an agony: a frantic thrust through the sultry night on the steaming river, Moises sweating over the throttle as Nolan held Darlene's shuddering shoulders against the straw mattress in the stern of the vibrating launch. They made Manaos by dawn and roused Dr. Robales from slumber at his house near the plaza.."I suppose you're right." .things like 'When is your program going to be over?' Some people just aren't that interested in talking..I dropped by number seven. The typewriter had been put away, but the cards and score pad were still on the table. His suitcase was on the floor by the couch. It was riveted cowhide of a vintage I hadn't seen since I was a kid. Though it wore a mellow patina of age, it had been preserved with neat's-foot oil and loving care. I may have been mistaken about his not moving..novel, Titan. This story was another Nebula award nominee.."That's just what I mean. You import Earth forms now, and we'll never tell the difference." .But here luck turned against them, for no sooner had they reached the shore again when the sailors descended on them. The jailor had at last woken up and, finding his captives gone, had organized a searching party which set out just as Amos and the prince reached the boat.steaming platter of sausages and eggs..And she was right Nolan knew it now. At least they'd be together and that would help see him through. He wouldn't need the bottle any more, and he wouldn't need Nina..McCranie sounded puzzled. "Is anything the matter?" In the screen, he had swiveled his chair and was talking to Peg, gesturing with short, choppy motions of his arm..with it?" .She considered the accusation. "I wouldn't choose her for a friend. I think she's insipid and gutless. She could have sent Teddy on his way with a few polite words instead of making an incident of it. Still, I think I pity rather than dislike her. Don't I let myself get sucked into looking after her like everyone else? That sweet, yielding, dependency is no more than what her father trained into her. It's the Senator I dislike." She snorted. "Imagine a contemporary man with a nineteenth-century taste in women. No wonder my mother left him." She began dancing again.."Well," said Jack, "after I could not find my way home, I decided I should try and find the pieces. So I began to search. The first person I met was the thin grey man, and with him was his large black trunk in which, he said, was his nearest and dearest friend. He said if I would work for him and carry his trunk, he would pay me a great deal of money with which I could buy a ship and continue my search. He told me that he himself would very much like to see a woman worthy of a prince. 'Especially,' he said, 'such a colorful prince as you.' I carried his trunk for many months, and at last he paid me a great deal of money with which I bought a ship. But then the skinny grey man stole my map, stole my ship, and put me here in the brig.,Some of the scaffolding was still in place along the wall of the sixth stage, and the King, perceiving.The next glimpse is that of a running figure who advances into the screen and disappears. Some defenses against this experience take the form of asserting there's no such thing as great art; some, that whatever moves one intensely is great art. Both are ways of asserting the primacy and authenticity of one's own experience, and that's fine. But whatever you (or I) like intensely isn't, just because of that, great anything, and the literary canon, although incomplete and biased, is not merely an insider's snobbish conspiracy to make outsiders feel rotten. (Although it is certainly used that way far too often.).We cut and I dealt "How long have you been in Hollywood?" .ears strained for the signs of his approach. There were none.."Ms. Song, how can we get in there with you?" .Why bother? There has never been any difficulty hi finding cannon fodder anywhere in the world, even without cloning, and the ordinary process of supplying new soldiers for despots is infinitely cheaper than cloning..She sat down close to him and whispered into his ear, "If anyone, such as Freddy, for instance, should happen to ask what we were talking about, say it was the New Wooly Look, okay?" .Originality has always been my Waterloo," Barry admitted. Like all flying machines since the days of the windsock and open cockpit, this one was a mad confusion of dials, switches, and lights designed to awe anyone who knew nothing about it. "I have more emeralds and diamonds and gold and pearls than I know what to do with," and he opened a closet door..Colman followed his gaze. An armored VIP carrier bearing a general's insignia on its nose was angling toward them. Colman shifted his M32 to the other shoulder and straightened up to watch. "Smarten it up," he called to the rest of Third Platoon, who were smoking, talking, and lounging in groups by the stream and around the bunker.
