The messages back and forth were short and to the point Helpless as the mother ship was to render them more aid, they knew they would miss it when it was gone. His voice sounded to Amos like wind over mouse fur, or sand ground into old velvet The only thing about him not grey was a large black trunk beside him, high as his shoulder. Several rough and grimy sailors with cutlasses sat at his table?they were so dirty they were no color at all!.She sighed again, but this time with relief. "The Detweiler boy was down here with me until six-thirty..5 Barrow Street.They had little trouble finding where the matthews came from. They found dozens of twenty-centimeter lumps on the sides of the large derricks. They evidently grew from them like tumors and were released when they were ripe. What they were for was another matter. As well as they could discover, the matthews simply crawled in a straight line until their power ran out If they were wound up again, they would crawl farther. There were dozens of them lying motionless in the sand within a hundred-meter radius of the garden." "I don't recall seeing your name anywhere. Miss Nesbitt said it was Andrew Detweiler?" .But it wasn't his handsomeness that attracted me." She smiled. The first piece is at the bottom of a luminous pool in the center. But it is so grey there that the grey man would blend completely in with the scenery and never get out again. Up this one is a mountain so high that the North Wind lives in a cave there. The second piece of the mirror is on the highest peak of that mountain. It is so windy there, and the grey man is so thin, he would be blown away before he was halfway to the top. Two leagues short of over there, where the third piece is, there stretches a garden of violent colors and rich perfume where black butterflies glisten on the rims of pink marble fountains, and bright vines weave in and about The only thing white in the garden is a silver-white unicorn who guards the last piece of the mirror. Perhaps the grey man could get that piece himself, but he will not want to, I know, for lots of bright colors give him a headache." . "Right?when you get it, you know where you can find us. The toastmaster completed his introduction and stepped aside to allow the stocky, white-haired figure in black tie and dinner jacket to move to the podium. Enthusiastic applause arose from the three hundred guests gathered in the Hilton complex on the western outskirts of Washington, D.C. The lights around the room dimmed, fading the audience into white shirtfronts, glittering throats and fingers, and mask like faces. A pair of spotlights picked out the speaker as he waited for the applause to subside. Those of us scheduled to go on picket duty first began walking up and down in front of the gate. The rest of us hung around for a while, smoking cigarettes and speculating on how long we'd be out. Then we meandered on home..It may be because I was always rotten in math, but it wasn't until right then that I figured out Detweiler's timetable. So let's go into the matter-The word "clone" is Greek, exactly as it stands, provided you spell it in Greek letters, and it means "twig."
