

## FUGITIVA

Vanadium was dead. Pounded with pewter and sunk in a flooded quarry. Gone forever..Among themselves, the authorities spoke more often than not in murmurs. Or perhaps Junior was too distracted to hear them clearly..Needlepoint, meditation, and even sex had not recently provided him with significant relief of tension. The paintings of Sklent and the works of Zedd were packed in the van, where he couldn't at the moment take solace from them.."I was twenty-three. At St. Anselmo's I was the prefect of one dormitory floor. The floor on which all the murders occurred. After that ... I decided maybe I could better protect the innocent if I were a cop. For a while, the law gave me more to hold on to than faith did."Otter shook his head..The past three years had given Wally much to celebrate, as well. After selling his medical practice and taking an eight-month hiatus from the sixty-hour work weeks he had endured for so long, he'd been giving twenty-four hours of free service to a pediatric clinic each week, providing care to the disadvantaged. He'd worked hard all his life, and saved diligently, and now he was able to focus solely on those activities that gave him the greatest gratification..A man came out of the stone tower. He passed them, walking hurriedly with a queer shambling gait, staring straight ahead. His chin shone and his chest was wet with spittle leaking from his lips.."There must be something important I'm supposed to do here that I don't need to do everywhere I am, something I'll do better if I'm blind."But both the Church and quantum physics contend there is no such thing. Coincidence is the result of mysterious design and meaning--or it's strange order underlying the appearance of chaos. Take your pick. Or, if you choose, feel free to believe that they're one and the same..He waited for Otter to nod, but Otter stood motionless..Junior was starving, but he didn't trust his bowels enough to risk dinner in a restaurant. The affliction seemed to have passed, but it might recur when he had food in his system again..Junior needed something in his life, a missing element without which he could never be complete, something more than a heart mate, more than German or French, or karate, and for as long as he could remember, he'd been searching for this mysterious substance, this enigmatic object, this skill, this thingumajigger, this dowhacky, this flumadiddle, this force or person, this insight, but the problem was that he didn't know what he was searching for, and so often when he seemed to have found it, he hadn't found it after all, therefore he worried that if ever he did find it, then he might throw it away, because he would not realize that it was, in fact, the very jigger or gigamaree that he'd been in search of since childhood..A SEVERE THIRST INDICATED to Agnes that she wasn't dead. There would be no thirst in paradise..The sill was about four and a half feet off the lavatory floor. With both hands, Junior levered himself onto it..Sitting on a stool at the counter, he ordered a cheeseburger, coleslaw, french fries, and a cherry Coke..Sitting in the client's chair, across the cigarette-scarred desk from Nolly, Junior heard or imagined that he heard the scurry of tiny rodent feet behind him, and something chewing on paper inside a pair of rust spotted filing cabinets. Repeatedly, he wiped at the back of his neck or reached down to rub a hand over his ankles, convinced that insects were crawling on him..In fifty years, until Angel, Tom had found no other like himself and now a second in little more than a week. "I can't do what you did."Celestina often thought of his wife and twin boys-Rowena, Danny, and Harry--dead in that airliner crash six years ago, and sometimes she was pierced by a sense of loss so poignant that they might have been members of her own family. She grieved as much over their loss of Wally as over his loss of them, and as blasphemous as the thought might be, she wondered why God had been so cruel as to sunder such a family. Rowena, Danny, and Harry had crossed all waters of suffering and lived now eternally in the kingdom. One day they would all be rejoined with the special husband and father they had lost; but even the reward of Heaven seemed inadequate compensation for being denied so many years here on earth with a man as good and kind and big of heart as Walter Lipscomb..Fresh from sedative-assisted sleep, which hadn't ended until they were in the taxi between the hospital and the hotel, Angel had proved as fully resilient as only children could be when they still retained their innocence. She didn't understand how seriously Wally had been hurt, of course, but if the attack by Cain had terrorized her while she'd watched it from beneath her mother's bed, she didn't seem in danger of being permanently traumatized..A pang of regret pierced her, that her boy's precocity should deny him this fine fantasy, as her morose father had denied it to her. "He's real," she asserted..Frowning, Angel studied the tasty strip of meat pinched between her fingers, reevaluating everything she thought she knew about the source of bacon.."You're all right, we've got you now." His soft yet reverberant voice was so unearthly that his words seemed to convey an assurance more profound and more comforting than their surface meaning..Previously, Miss Pixie Lee had been from Texas, but Angel had recently heard that Georgia was famous for its peaches, which at once captured her imagination. Now Pixie Lee had a new life in a Georgia mansion carved out of a giant peach..To her mother, Celestina said, "What did you mean when you said you'd heard all about Barty here?"..At worst, Vanadium might begin to wonder if Junior had a link to Seraphim, might uncover the physical-therapy connection, and in his paranoia, might erroneously conclude that Junior had something to do with her traffic accident. That was nuts, of course, but the detective was evidently not a rational man..The tone sounded, as promised, and a man's voice spoke from the box: "It's Max. You're psychic. I found the hospital here. Poor kid had a cerebral hemorrhage, arising from a hyperensive crisis caused by ... eclampsia, I think it is. Baby survived. Call me, huh?".Saturday and Sunday, between sessions with the directory, Junior cruised around the county on a series of pleasure drives-testing the theory that the maniac cop was no longer following him. Apparently, Simon Magusson was correct: The case had been closed..The Church nourished the soul, while the occult nourished the imagination. In Mexico, where physical comforts were often few and hope of a better life in this world was hard won, both the soul and the imagination must be fed if life was to be livable..Agnes returned home from a pie run with the usual team-grown to five vehicles, including paid employees-to find a gathering in the yard and Barty halfway up the oak..I'll put

you in a twilight sleep, you babbling cretin. Where'd you earn your medical degree, you nattering nitwit? Botswana? The Kingdom of Tonga?.too quiet and too patient to be the living-dead incarnation of a murdered wife. This was a predatory silence, an animal cunning, not a supernatural hush. This was the elegant stillness of a panther in the brush..Since her conversation with Joshua Nunn the previous Thursday, she'd had more than four days to armor herself for the worst. She prepared for it as well as any mother could while still holding on to her sanity..Animal instinct told Junior that the business with the quarter in the diner and now these quarters in his living room were related to his failure to find Bartholomew, Seraphim White's bastard child. He couldn't logically explain the connection; but as Zedd teaches, animal instinct is the only unalloyed truth we will ever know..The opening paragraph still lingered in his memory, because he had crafted it with great care: Greetings on this momentous day. I'm writing to you about an exceptional woman, Agnes Lampion, whose life you have touched without knowing, and whose story may interest you..Bartholomew didn't merely have something to do with babies. Bartholomew was a baby..Kathleen and Nolly shifted their attention to Tom's clenched left hand, although the quarter could not possibly have traveled from one fist to the other..A few attractive women were here alone, proof that social mores had changed dramatically in three years. Junior was aware of their hot gazes, their need, and he knew that he could have any of them..When pale light came to her eyes again, she heard the paramedic and the cop talking anxiously as they worked on her, but she couldn't understand their words. They seemed to be speaking not just a foreign tongue but an ancient language unheard on earth for a thousand years..the floor, on a silk-covered pillow filled with goose down. With a sigh " he assumed the lotus position: spine straight, legs crossed, hands at rest with the palms up..Agnes, who inherited the property, would have welcomed her brothers in the main house. Although both were willing to visit her for an occasional dinner or to sit in rocking chairs on the porch, on a summer night, neither could abide living in that ominous place..Surprisingly, he received a lot of gratification from voicing this insult, even though Vanadium was too dead to hear it..His request felt like an assault. Agnes almost rocked backward as though struck..In San Francisco, Seraphim Aethionema White lies beyond all hope of resuscitation. So beautiful and only sixteen.. "But you don't understand." She recounted the extraordinary draw of aces during the fortune-telling session Friday evening..Aware of the dangers of dehydration, he drank a bottle of water and put two half-gallon containers of Gatorade in the Suburban..He prepared his knives and guns. Blades and bullets. Fortune favors the bold, the self-improved, the self-evolved, the focused..When the waiter had gone, -Tom said, "Don't worry about abetting a crime. If I had to pop Cain to prevent him from hurting someone, I wouldn't hesitate. But I'd never act as judge and jury otherwise." Freed for the moment from the need to be strong for her sleeping Angel or for Wally, Celestina turned to Tom Vanadium, saw in his gray eyes both the sorrow of the world and a hope to match her own, saw in his ruined face the promise of triumph over evil, leaned against him for support, and finally dared to cry..Arriving home, he hesitated to open the door. He expected to find Vanadium inside..For a long time, she stood beside the bed, holding his hand, confident that on some level he was aware of her presence, though he gave no indication whatsoever that he knew she was there..He wasn't entirely sure what all he hoped to find. Perhaps an envelope or a cash box with folding money, which a fleeing murderer would surely pause to take with him. Suspicions might be raised if he left it behind. Perhaps a savings-account passbook..Of all the kindnesses that we can do for one another, the most precious of all gifts-time-is not ours to give. Bearing this in mind, Agnes did her best to guide her extended family through its grieving for Harrison and for Jacob, into happier days. Respect must be paid, precious memories nurtured, but life also must go on..As if he sensed her reluctance to return to Dr. Chan, Barty had kept her occupied with talk of the red planet as they approached the office building, had talked her off the street, along the driveway, and into a parking space, where finally she relinquished the fantasy of an endless road trip. At 5:45, long past the end of office hours, Dr. Chan's suite was quiet..A calico cat appeared at Tom's side, running, pacing him. Cats were witches' familiars. Good luck or bad, this cat?.Quick introductions were made in the process of moving from the porch to the foyer, and Agnes said, "Come on back to the kitchen, I'm baking pies." This was not the same card he'd found at his bedside, under two dimes and a nickel, on the night following Naomi's funeral. He had torn that one and had thrown it away..The right side of the girl's face appeared to be more strongly affected by gravity..Aftermath had a way of being discovered, often at the worst of all possible moments, which he had learned from movies and from crime stories in the media and even from personal experience. Discovery always brought the police at high speed, sounding their sirens and full of enthusiasm, because those bastards were the most past-focused losers on the face of the earth, utterly consumed by their interest in aftermath..With a portion of his profits from Tammy Bean's stock picks, Junior had bought a second painting by Sklent. Titled In the Baby's Brain Lies the Parasite of Doom, Version 6, it was so exquisitely repellent that the artist's genius could not be in doubt.. "Bet I could, and sell it, too," she said. "I might not be as good at it as I am at teeth, but I'd be better than some I've read." "Oh, my Lord," Chicane groaned as he and Sparky half carried Junior into the bathroom..Great anger was apparent in the way that the uneven, red block letters had been drawn on the wall in hard slashes. But the lettering looked like the work of a calm and rational mind compared to what had been done after the three Bartholomeus were printed..Tucking the covers around Angel, Celestina said, "Would you like Uncle Wally to be your daddy?" "That would be the best." "I think so, too." "I never had a daddy, you know." "Getting Wally was worth the wait, huh?" "Will we move in with Uncle Wally?" "That's the way it usually works." "Will Mrs. Orwall leave?" "All that stuff will need to be worked out." "If she leaves, you'll have to make the cheese." Shaking with a fear that had nothing to do with Junior Cain and flying bullets, or even with memories of Josef Krepp and his vile necklace, Tom Vanadium closed the sketch pad and put it on the window seat. He opened the window, and in rushed the susurrant of breeze-stirred oak leaves.. "The Finder" takes place about three hundred years before the time of the novels, in a dark and troubled time; its story casts light on how some of the customs and institutions of the Archipelago came

to be. "The Bones of the Earth" is about the wizards who taught the wizard who first taught Ged, and shows that it takes more than one mage to stop an earthquake. "Darkrose and Diamond" might take place at any time during the last couple of hundred years in Earthsea; after all, a love story can happen at any time, anywhere. "On the High Marsh" is a story from the brief but eventful six years that Ged was Archmage of Earthsea. And the last story, "Dragonfly," which takes place a few years after the end of Tehanu, is the bridge between that book and the next one, The Other Wind (to be published soon). A dragon bridge..By habit, she shifted her attention to his eyes, because though the scientific types insist that the eyes themselves are incapable of expression, Agnes knew what every poet knows: To see the condition of the hidden heart, you must look first where scientists will not admit to looking at all..Junior remembered the very words the detective had used: They say she died in a traffic accident..Bartholomew was an uncommon name, however, and logic suggested that if the baby was now called Bartholomew, he'd been named for his adoptive dad. Therefore, a search of the listings might be fruitful..Knickknacks and mementos were not to be found anywhere in the house. And until now Junior had seen nothing hanging on the barren walls except a calendar in the kitchen..Happiness could grow out of unspeakable tragedy with such vigor that it produced dazzling blooms and lush green bracts. This insight served, for Celestina, as a primary inspiration for her painting and as proof of the grace granted in this world that we might perceive and be sustained by the promise of an ultimate joy to come..He moved the shaker across the tablecloth, rocking it back and forth to convey that he was strolling without a care in the world..Now, here, lying on a bed in the emergency room of a Sacramento hospital, on a Saturday afternoon only six weeks before the camellia festival, Junior suffered under the care of a resident physician who was so young as to raise the suspicion that he was merely playing doctor..He considered himself to be a thoroughly useless man, taking up space in a world to which he contributed nothing, but he did have a talent for baking. He could take any recipe, even one from a world-class pastry chef, and improve upon it..Tom caused less of a stir in the restaurant than Kathleen had expected. Other diners noticed him, of course, but after one or two looks of shock or pity, they appeared indifferent, though this was undoubtedly the thinnest pretense of indifference. The same quality in him that elicited deferential regard from the waiter apparently ensured that others would be courteous enough to respect his privacy..He paid cash to the locksmith, and included in the payment were the two dimes and the nickel Vanadium had left on his nightstand..In the morning, after Agnes showered and dressed, when she went downstairs, she discovered Barty already at the kitchen table, eating a bowl of cereal while riveted to the book. Finished with breakfast, he returned to his room, reading as he went..He ran gasping, praying, feet slapping the concrete sidewalk, frightening birds out of the purple brightness of blossom-laden jacarandas and out of Indian laurels, terrorizing a tree rat into a lightning sprint up the bole of a phoenix palm. The few people he encountered reeled out of his way. Brakes shrieked as he crossed intersections without looking both ways, risking cars and trucks and rhinoceroses..Besides, being a future-focused guy who believed that the past was a burden best shed, he never made an effort to nurture memories. Sentimental wallowing in nostalgia had none of the appeal for him that it had for most people..Later, when the seven of them were gathered at the dinner table, the adults raised glasses of Chardonnay, the children raised tumblers of Pepsi, and Maria gave the toast. "To Bartholomew, the image of his father, who was the kindest man I've ever known. To my Bonita and my Francesca, who brighten every day. To Edom and Jacob, from who ... from whom I've learned so much that has made me think about the fragility of life and made me realize how precious is every day. And to Agnes, my dearest friend, who has given me, oh, so much, including all these words. God bless us, every one." Junior gave the Raisinets to him, and Google left the theater with his candy and his cash..Perri had been crippled seventeen years before Jonas Salk's vaccine had spared future generations from the curse of polio..Junior had left the front door locked, because if unlocked, it would look as though he had wanted to facilitate their entry, and it would make them suspicious of the whole scenario..They wanted to go up to Barty's room, but she refused them, because there was nothing more they could do for the boy than they had done for her. "He wants to finish reading Starman Jones, and I'm not letting anything interfere with that. We're leaving for Newport Beach at seven in the morning, and you can see him then." Having been so wounded by one death, Celestina could not imagine how Lipscomb could have survived the loss of his entire family. Pity knotted her heart and cinched her throat so that she spoke in little more than a whisper: "Was that the American Airlines. . ." Assuming that the boy had closed his eyes and was talking to himself, somewhere between his self-told bedtime story and a dream, Agnes retreated from the room, pulling the door only half shut behind her..For a moment, Junior was mystified. Vanadium's movements had the quality of ritual, vaguely reminiscent of a priest raising high the Eucharist..She leaned forward in her seat, and toward him, so he could see her more directly, and when she put one trembling hand against his cheek, his head dropped forward on neck muscles as limp as rags, his chin.Ghosts. Sklent was an atheist, and yet he believed in spirits. Here's how that works: Heaven, Hell, and God do not exist, but human beings are as much energy as flesh, and when the flesh gives out, the energy goes on. "We're the most stubborn, selfish, greedy, grubbing, vicious, psychotic, evil species in the universe," Sklent explained, "and some of us just refuse to die, we're too hardass to die. The spirit is a prickly bur of energy that sometimes clings to places and people that were once important to us, so then you get haunted houses, poor bastards still tormented by their dead wives, and crap like that. And sometimes, the bur attaches itself to the embryo in some slut who's just been knocked up, so you get reincarnation. You don't need a god for all this. It's just the way things are. Life and the afterlife are the same place, right here, right now, and we're all just a bunch of filthy, scabby monkeys tumbling through an endless damn series of barrels." Flush with the promise of their engagement, still excited by the success at the gallery, with Angel exuberant in spite of the hour and Oreo energized, he was amazed that they had made the transfer of the little red whirlwind from house to Buick to house with nothing else forgotten other than one purse. Celie called it ballet, but Wally thought that it was merely momentary order in

chaos, the challenging-joyous-frustrating-delightful-exhilarating chaos of a life full of hope and love and children, which he wouldn't have traded for calm or kingdoms..self-controlled as he would need to be in any interrogation conducted by this brush-cut, thick-necked toad..Throughout lunch and, indeed, during his hours as an outpatient at the hospital, Barty gave no indication that he understood the gravity of his situation. He remained cheerful, charming the doctors and technicians with his sweet personality and precocious chatter..The fully evolved man never has to rely on the gods of fortune, Zedd tells us, because he makes his luck with such reliability that he can spit in the faces of the gods with impunity..Junior was paying his dinner check and calculating the tip when the pianist launched into "Someone to Watch over Me." Although he'd expected it all evening, he twitched when he recognized the tune..From serviceway to alley to serviceway to street, into the city and the fog and the night, Junior ran from the Cain past into the Pinchbeck future..Simon Magusson-capable of representing the devil himself for the proper fee, but also capable of genuine remorse-visited Vanadium in the hospital, soon after learning that the detective had awakened from a coma. The attorney shared the conviction that Cain was the guilty party, and that he'd also murdered his wife..Studying the brochure, Junior felt that the best response to this artist's work was to go directly into the bathroom, stick one finger down his throat, and purge himself. Considering his medical history, however, he couldn't afford to be such an expressive critic..No one had actually been here. And he still didn't believe in ghosts, so he didn't think that a spirit had been wandering his home in his absence.. "Naomi--she popped out of my oven twenty years ago, not out of yours," Sheena continued in a fierce whisper. "If anyone's suffering here, it's me, not you. Who're you, anyway? Some guy who's been boinking her for a couple years, that's all you are. I'm her mother. You can never know my pain. And if you don't stand with this family to make these wankers pay up big-time, I'll personally cut your balls off while you're sleeping and feed them to my cat." Yet that evening, when she'd accepted his proposal and asked if he wasn't frightened, he said, "Not anymore." Smiling, pulling the blanket more tightly around herself, she said, "You look after your old mom, don't you?". Considering Junior's actions on his last night in Spruce Hills, eleven months ago, he must be cautious now. Without incriminating himself, pretending ignorance, he hoped to learn if his carefully planned scenario, regarding Victoria's death and Vanadium's sudden disappearance, had convinced the authorities-or whether something had gone wrong that might explain the quarter at the diner..He assumed that she hadn't phoned the police to make a formal report. No need to go out of her way to slander Junior when Thomas Vanadium had been prowling the hospital at all hours of the day and night, ready to lend an ear to any falsehood about him, as long as it made him appear to be a sleazeball and a wife killer..He had come to believe that every well-rounded, self-improved person ought to have a craft at which he excelled, and needlepoint appealed to him more than either pottery-making or decoupage. For pottery, he would require a potter's wheel and a cumbersome kiln; and decoupage was too messy, with all the glue and lacquer. By December, he began his first project: a small pillowcase featuring a geometric border surrounding a quote from Caesar Zedd, "Humility is for losers."..buttery sunshine, and emerald-black where the shadows of limbs and leaves overlay it. Fat crows as black as..In the time of the kings, mages gathered in the court of Enlad and later in the court of Havnor to counsel the king and take counsel together, using their arts to pursue goals they agreed were good. But in the dark years, wizards sold their skills to the highest bidder, pitting their powers one against the other in duels and combats of sorcery, careless of the evils they did, or worse than careless. Plagues and famines, the failure of springs of water, summers with no rain and years with no summer, the birth of sickly and monstrous young to sheep and cattle, the birth of sickly and monstrous children to the people of the isles-all these things were charged to the practices of wizards and witches, and all too often rightly so..Monitoring Barty from the corner of -her eye, Agnes paced herself to the strides of his short legs, so she was drenched and chilled when she reached the station wagon..Celestina put Angel down, and the girl raced to the bathroom as Wally stepped into the public hall and pulled the apartment door shut behind him..His artificial eyes were almost a month old. He'd been through surgery to have the eye-moving muscles attached to the conjunctiva, and everybody told him that the look and movement were absolutely real. In fact, they had told him this so often, in the first week or two, that he became suspicious and figured that his new eyes were totally out of control and spinning like pinwheels..The custom-fitted gold-link band of the wristwatch closed with a clasp that, when released, allowed the watch to slip over the hand with ease. Junior knew at once that the clasp had come undone when his arm tangled in the belt of Neddy's raincoat. The corpse had torn loose and tumbled into the Dumpster, taking Junior's watch with it..Blue fire flashed across the top of the range and followed drips down the baked-enamel front to the floor. Blue flared to yellow, and the yellow darkened when the blaze found the cadaver..The bullet had been fired by a renegade cop who was every bit as lousy a marksman as he was a corrupt scumball. He'd been aiming for Nolly's crotch..He was astonished that adoption records would be sealed and so closely guarded when a child was being placed with a member of its immediate family, with its mother's sister..She repeated this ritual eleven more times--"For Andrew, for James, for John"--frequently glancing into the nave behind her, to be sure that she was unobserved..Holding on to the jamb with one hand, Barty leaned across the threshold, listening to the day. Birds. Softly rustling leaves. Nobody on the porch. Even trying hard to be quiet, people always made some little noise..a time, from the carafe on the nightstand. She spooned the ice into Junior's mouth not with the businesslike..His throat was still so raw from the explosive vomiting, seared by stomach acid, that he sounded like a character from a puppet show for children on Saturday-morning television, hoarse and squeaky at the same time. If not for the pain, he would have felt ridiculous, but the hot and jagged scrape of each word through his throat left him unable to."Do you know about the earthquake that destroyed seventy percent of Tokyo and all of Yokohama on September 1, 1923?" he asked..Nolly finally disturbed the quiet: "Well, sir ... you're quite a psychologist."..As "It is." From a desk drawer, Nolly withdrew an envelope and put it on top of the offered cash. "I'm returning five hundred of your thousand retainer." He pushed

everything back toward Junior.. "Maybe." In truth, Tom didn't believe that any of this could be learned even by one adept taking instruction from another adept. They were born with the same special perception, but with different and strictly limited abilities to interact with the multiplicity of worlds that they could detect. He wasn't able to explain even to himself how he could send a coin or other small object Elsewhere; it was something he just felt, and each time that the coin vanished, the authenticity of the feeling was proved. He suspected that when Barty walked where the rain wasn't, the boy employed no conscious techniques; he simply decided to walk in a dry world while otherwise remaining in this wet one-and then he did. Woefully incomplete wizards, sorcerers with just a trick or two each, they had no secret tome of enchantments and spells to teach to an apprentice.
