

HISTOIRE DE LA VIE DES OUVRAGES ET DES DOCTRINES DE CALVIN VOL 1

They jolted on all the next day through a summer thundershower or two and carne at dusk to Kembermouth, a walled, prosperous port city. They left the carter to his master's business and walked down to find an inn near the docks. Dragonfly looked about at the sights of the city in a silence that might have been awe or disapproval or mere stolidity. "This is a nice little town," Ivory said, "but the only city in the world is Havnor." of Solea, "in the orchards in the spring." He did not continue on to Enlad, but stayed with.A globe of misty, greenish fire drifted swiftly down the corridor at eye level, apparently pursuing the young man. The Doorkeeper waved his hand at it, and it avoided him. Irian swerved and ducked down frantically, but felt the cool fire tingle in her hair as it passed over her. The Doorkeeper looked round, and now his smile was wider. Though he said nothing, she felt he was aware of her, concerned for her. She stood up and followed him.. "I guess he did. Another curer came up this way, a fellow that's been by here before. Doesn't.would go a long way." .gave her mine." He spoke haltingly, with long pauses. "It was I that walked with the wizard,.at Essary and swamped the wharfs at Gont Port..They both came to her. "The Master Changer of Roke: Irian of Way," said the Doorkeeper..When she was thirteen the old vineyarder and the housekeeper, who were all that was left of the household, told the Master that it was time his daughter had her naming day. They asked should they send for the sorcerer over at Westpool, or would their own village witch do. The Master of Iria fell into a screaming rage. "A village witch? A hex-hag to give Irian's daughter her true name? Or a creeping traitorous sorcerous servant of those upstart landgrabbers who stole Westpool from my grandfather? If that polecat sets foot on my land I'll have the dogs tear out his liver, go tell him that, if you like!" And so on. Old Daisy went back to her kitchen and old Coney went back to his vines, and thirteen-year-old Dragonfly ran out of the house and down the hill to the village, hurling her father's curses at the dogs, who, crazy with excitement at his shouting, barked and bayed and rushed after her..That gave her pause. She stood silent. "It's the name the witch Rose of my village on Way gave me.. "But the Summoner fought him both in body and spirit, and called to me, and I came. Together we.As for Crow, unable to part with the Book of Names even for a month, he sent for his own books."Get the sail down," Medra said, preemptory. "Oh," she whispered, "there's your dad." .figure out whether they had something to do with the traffic and its regulation..Ivory smiled. He said nothing, but she knew how petty the doings of a village witch appeared to him, who had seen great deeds and powers. She sighed and spoke from her heart - "Oh, if only I wasn't a woman!". "No. It isn't the High Art. It isn't the True Speech. A wizard mustn't soil his lips with common.of his art. He found out what he could. Then the boy was no good for anything and had to be.Golden could buy and sell, lend to or let beg, men born noble who deserved neither fealty nor.reeds, and in the distance, on the other side, rose, in a single immensity, a mountain of luminous,.and forgot about her. Fluid joinings of.The summer ended too soon that year. Rain came early; snow fell in autumn even as far south as Roke. Storm followed storm, as if the winds had risen in rage against the tampering and meddling of the crafty men. Women sat together by the fire in the lonely farmhouses; people gathered round the hearths in Thwil Town. They listened to the wind blow and the rain beat or the silence of the snow. Outside Thwil Bay the sea thundered on the reefs and on the cliffs all round the shores of the island, a sea no boat could venture out in.. "She will when the time comes. But she has no part to play in your decision, Diamond. Women know.They greeted him, and Azver took the word - "Come into the Grove, Master Windkey," he said, "and we will wait there for the others of the Nine." .The dark-eyed mage bowed his head at that, and said, "Very well," evidently with relief at accepting their judgment over his own. "Thorion has been much with the other Masters, and with the young men. Secret meetings, inner circles. Rumors, whispers. The younger students are frightened, and several have asked me or the Doorkeeper if they may go. And we'd let them go. But there's no ship in port, and none has come into Thwil Bay since the one that brought you, lady, and sailed again next day for Wathort. The Windkey keeps the Roke-wind against all. If the king himself should come, he could not land on Roke," . "Then. When we quarreled. I said it all wrong. I thought...." A long pause. "I thought I could go on running away. With you. And play music. Make a living. Together. I meant to say that." . "How clever you are," he said. "Have you found better ore than that patch you found first? Worth."Ride back," he said. "Leave me here. There's enough food for one man for three or four days more..herbals, and established that mastery in high honor at Roke..One day in autumn he came back to the school. He went in by the garden door, which gives on the path through the fields to Roke Knoll. It is a curious thing about the Great House of Roke, that it has no portal or grand entryway at all. You can enter by what they call the back door, which, though it is made of horn and framed in dragons tooth and carved with the Thousand-Leaved Tree, looks like nothing at all from outside, as you come to it in a dingy street; or you can go in the garden door, plain oak with an iron bolt. But there is no front door..paused

Nothing happened, and he had time to regret the sunlight and the seawind, and to doubt the spell, and to doubt himself, before the earth rose up around him, dry, warm, and dark.. Then Dragonfly came back to herself and called to Ivory and ran down the hill to meet him. "I will. Through love, respect, and trust, Dragonfly would never disregard a warning from Rose; but she was unable to see Ivory as perilous. She didn't understand him, but the idea of fearing him, him personally, was not one she could keep in mind. She tried to be respectful, but it was impossible. She thought he was clever and quite handsome, but she didn't think much about him, except for what he could tell her. He knew what she wanted to know and little by little he told it to her, and then it was not really what she had wanted to know, but she wanted to know more. He was patient with her, and she was grateful to him for his patience, knowing he was much quicker than she. Sometimes he smiled at her ignorance, but he never sneered at it or reproved it. Like the witch, he liked to answer a question with a question; but the answers to Rose's questions were always something she'd always known, while the answers to his questions were things she had never imagined and found startling, unwelcome, even painful, altering all her beliefs..
