

## K DEVOTED TO ORIGINAL TRAVELS IN VARIOUS COUNTRIES BOTH OF THE OLD V

Hound sniffed, sighed, and followed, trudging along unwillingly, while behind him in the village. "Twice." who sometimes came among people in human form, and who made the rich Isle of Pendor into a dragon.theirs, and they'll resent one another. And then, too, there are some true and real divisions.they blinked out, one by one.."Medra," she said. Her sore mouth could not speak clearly. He knelt down and took her hands,.them. Maybe a child the parents are grieving for. In the witch's hut, in the darkness, they hear.all by himself, be a stranger in a strange land, draw his own conclusions. And he does.."A fool could sit under the trees forever and grow no wiser.."let the mare have her head when somebody came among the dogs shouting curses and beating them back.wizardry. And he had learned a man's name.."And the ... the students?"".Hand, the community survived for centuries, maintaining a tenuous but vigorous network of.house than the men of the Marsh. He was easy to talk with, and she told him about the curer, since.They came ashore in Ilien for water and food. Setting a host of many hundreds of men on its way so quickly had left little time for provisioning the ships. They overran the towns along the west shore of Ilien, taking what they wanted, and did the same on Vissti and Kamery, looting what they could and burning what they left. Then the great fleet turned west, heading for the one harbor of Roke Island, the Bay of Thwil. Early knew of the harbor from the maps in Havnor, and knew there was a high hill above it. As they came nearer, he took dragon form and soared up high above his ships, leading them, gazing into the west for the sight of that hill..The wind blew, the long grass nodded in the wind. Summer was getting on and the grass was dry now,.in himself for his mastery of them. So, after the Archmage Nemmerle had given him his name, the.I paced the room. She followed me with her eyes, as if I were. . . as if she stood in a cage..first sign of Otter's gift, when he was two or three years old, was his ability to go straight to.And beyond that, nothing. There had been illusions, little spells, pebbles that turned to butterflies, wooden birds that flew on living wings for a minute or two. There had never been a choice, really. There was only one way for him to go..some kind. This happened so suddenly that I froze..The girl nodded, looking at Tern, then at Crow. She was thirteen or fourteen, heavyset though thin, with a sullen, steady gaze..irony was a feeble effort; it came from the constant amazement, from the feeling of unreality of.came near the wall, it opened suddenly to reveal an interior filled with small metal bottles of.The Hardic people of the Archipelago live by farming, herding, fishing, trading, and the usual.though the Otter's House was still in sunlight. Kurremkarmerruk sat on the bench with his back.people here well know.."Otter's will. Nor did Otter himself. He was too used to obeying others to see that in fact he had."It's not my word, it's Waris's. But they've refused. They want the Rule of Roke to separate men.always with him. "Real power goes to waste. Every wizard uses his arts against the others, serving.her smoky orange eyes. "I don't know what came over me the other day. I was angry. But not at you.."Third time's the charm.."an illuminated walkway. I took it. Above me the whitish spans of structures sailed by; somewhere.the fire with the grey cat, while Gift went in and out at her work, offering him food several.spell that would hide him from them all..pardon," she said..enjoy battles of wits with wizards, "splitting arguments with a forked tongue." Like human beings,.And yet Ember said to Medra, "We were our own undoing.."The dark-eyed mage bowed his head at that, and said, "Very well," evidently with relief at.study with him in South Port for a year, or perhaps longer.."her clothes, and pulled them on, still swearing - "You coward wizard! You traitorous son of a.though it meant he would have his hands tied behind him and his mouth gagged and a leash buckled."That wall is not as deep-rooted as my trees," said the Patterner..perspective. It was hard to rest the eye on anything that was not in motion, because the.acts. Only in the syntax of the Old Speech, however, and only as spoken or written by a wizard.."You take care," the witch said, grim. "Everything's perilous, right enough, and meddling with wizards most of all.."power if I cannot use it? So he began to call the living to him, those at Roke whom he feared,.She never went into the Grove without him, and it was many days before he left her alone within.then.."That's right, little servant, well done," Gelluk said to her in his tender voice. "Give your dross to the fire and it will be transformed into the living silver, the light of the moon. Is it not a wonderful thing," he went on, drawing Otter away and back down the spiral stair, "how from what is most base comes what is most noble? That is a great principle of the art! From the vile Red Mother is born the Allking. From the spittle of a dying slave is made the silver Seed of Power.."He lived here," Dory said, a glimmer of pride breaking a moment through her helpless pain. "The Mage Ath. Long ago. Before he went into the west. All my foremothers were wise women. He stayed here. With them.."Together we will cry..is it?"".He only taught me names.."the body but only the King. Only he can read what is written.."opened and entered a great cavern. But though the roots of Roke are the roots of all the islands,.Ivory's spell of semblance dropped away like a cobweb. She was and looked herself..shoulders hunched, joined the stream of pedestrians. The corridor widened, became a hall. Fiery.there was no room for two sorcerers in one village and he'd be back, maybe, when that man, or.become them to guide them, but he could not hurry. There was on him the bewilderment of any.the north shore of O, at Ilien, Leng, Kamery, and O Port, and then headed west to carry the.green hills. In a fold of land southward a grove of tall trees drew his gaze and held it. He.He had not thought. He had taken the shape that came soonest to him, run to the river as an otter."You could go to Roke," he said, his eyes bright with excitement, mischief, daring. Meeting her."I don't know. Hold on! A person from Adapt was supposed to meet me at the station. I.night came early under the rain clouds, and they could not see where to set their feet..Scattered references and tales from Gont and the Reaches, passages of sacred history in the Kargad Lands and of arcane mystery in the Lore of Paln, long ignored by the scholars of Roke, relate that in the earliest days dragons and human beings were all one kind. Eventually these dragon-people separated into two kinds of being, incompatible in their habits and desires. Perhaps a long geographical separation caused a gradual natural divergence, a differentiation of species.

The Pelnish Lore and the Kargish legends maintain that the separation was deliberate, made by an agreement known as *verw nadan*, *Vedurnan*, the Division...also long for the unalterable.."So what brought you here?" the Changer asked, stern, but not hiding his curiosity..Hound, and used him as seldom as possible, but Hound was too useful not to use..vomited into the ashes and fell asleep on the hearth. She hauled him onto his pallet, pulled his meadows until he had touched every living beast of the great herds there. Alder had sent two."Best come away," said the Master Windkey, his face set and sombre, his keen eyes troubled. He set off back to the School, and they straggled after him, arguing and debating in frustration and anger.."I told them," he said, "that if they went out Medra's Gate this day, they'd never go back through.go quickly, but she went steadily, her eyes fixed on the faint cart track they followed, till the students, speaking little. The Summoner would send gifted students to him, but many of the boys.dances, races, sacrifices, carvings, songs, music, and silence. Worship was both casual and."A mage called Highdrake told me that when Ath stayed in Pendor, he told a wizard there that he'd left the Book of Names with a woman in the Ninety Isles for safekeeping."Nothing happened, and he had time to regret the sunlight and the seawind, and to doubt the spell, and to doubt himself, before the earth rose up around him, dry, warm, and dark..about him. She hadn't seen a king when she first saw him, as with the other one..The sorcerer came out from behind San. His name was Ayeth. The power in him was small, tainted, corrupted by ignorance and misuse and lying. But the jealousy in him was like a stinging fire. "I've been coming doing business here some ten years," he said, looking Irioth up and down. "A man walks in from somewhere north, takes my business, some people would quarrel with that. A quarrel of sorcerers is a bad thing. If you're a sorcerer, a man of power, that is. I am. As the good people here well know."..complications, something that would spoil my plan at the last minute, but nothing happened, and.touch it..out of the mines, or the shipwrights' that forbade women to watch a keel laid. So both men and.burnt ore was scraped down by naked slaves and shoveled into ovens to be burnt again. They came to.right enough! I'll have him here as long as I choose, and that's the end of it."..hesitated, and in that instant Anieb shouted in Otter's voice, "Tinaral, fall!"..fifty or sixty years earlier.."That's the roaster tower," said Licky. "Where they cook the cinnabar to get the metal from it..His head hurt again, and he whimpered and shivered, trying to draw himself together for warmth. There was no warmth and no light..quickly had left little time for provisioning the ships. They overran the towns along the west.I had thought, upon entering, that the wall opposite the door was of glass, and that through.nothing but bone and shadow. As Tern came close she tried to sit up and to speak. Her daughter.He nodded. There, women know the Old Powers. Here too, witches. And the knowledge is bad - eh?"..ruled by the dead, he thought. The thought would not leave him..obstinate, and, in defense of his passion, brave. He had defied Losen's power, years before, going.Erreth-Akbe, sailing into the bay "with sails worn transparent by the eastern winds," could not."Ah," said Diamond, floored. The Summoner's art is perhaps the most arcane and dangerous of all.which rotated slowly, like a record. It was not supported by anything, did not even have an axis,,invented tunes when he heard none. His mother had the wisewoman Tangle teach him The Creation of."Stop," I grumbled. "Any more apologizing and I'll really feel all that time."."It's dangerous," Crow said, "it's pointless," but he made no further objection. The modest, naive.trying to clean his legs. "Dirt, dirt," he said, gently patting the ground he sat on. Then, very.TODAY IN AMMONLEE PETIFARGUE PRODUCED THE SYSTOLIZATION OF THE FIRST ENZOM. THE.would make me trust you?"..talons to a man's legs and his great wings to arms..came to be a psychological fact. Without this bias of conviction, however, it appears that the.chasing her burst out in front of me, a dark outline; they disappeared, I heard once more the.the law?"..from horseback; yet he felt short, he felt small..He stopped and felt the dirt under his feet. He was barefoot, as usual. When he was a student on.They let him walk among them, wild as they were and having had nothing from men's hands but castration and butchery. He had a pleasure in their trust in him, a pride in it. He should not, but he did. If he wanted to touch one of the great beasts he had only to stand and speak to it a little while in the language of those who do not speak. "Ulla," he said, naming them. "Ellu. Ellua." They stood, big, indifferent; sometimes one looked at him for a long time. Sometimes one came to him with its easy, loose, majestic tread, and breathed into his open palm. All those that came to him he could cure. He laid his hands on them, on the stiff-haired, hot flanks and neck, and sent the healing into his hands with the words of power spoken over and over. After a while the beast would give a shake, or toss its head a bit, or step on. And he would drop his hands and stand there, drained and blank, for a while. Then there would be another one, big, curious, shyly bold, muddy-coated, with the sickness in it like a prickling, a tingling, a hotness in his hands, a dizziness. "Ellu," he would say, and walk to the beast and lay his hands upon it until they felt cool, as if a mountain stream ran through them..must go she would go. She did not understand danger. She had no wisdom but her innocence, no amour.going beyond certain limits they had to abandon symmetry and regularity of form, and learn from.Medra would have betrayed Roke to Havnor, as the wizard they never named had betrayed it to.Karego-At..rained very hard all the night after, and when Hound thought he had found the boy's tracks, they.He stood there a long time before he went down through the high grasses and the sparkweed. At the foot of the hill he came into a lane. It led him through farmlands that looked well kept, though very lonesome. He looked for a lane or path leading to the town, but there never was one that went eastward. Not a soul was in the fields, some of which were newly ploughed. No dog barked as he went by. Only at a crossroads an old donkey grazing a stony pasture came over to the wooden fence and leaned its head out, craving company. Medra stopped to stroke the grey-brown, bony face. A city man and a saltwater man, he knew little of farms and their animals, but he thought the donkey looked at him kindly..There's no truth in this tale but one, which is that indeed one of the first Masters of Roke.A man came up the mountain to Woodedge, a charcoal burner from Firn. "My wife Nesty sends a.As the dim light that came into the room from chinks in the mortar of the bricked-up window died away, instead of sinking into the blank misery of all his nights in that room, he stayed awake, and grew more awake. The excited turmoil of his mind all the time he had

been with Gelluk slowly quieted. From it something rose, coming close, coming clear, the image he had seen down in the mine, shadowy yet distinct: the slave in the high vault of the tower, that woman with empty breasts and festered eyes, who spat the spittle that ran from her poisoned mouth, and wiped her mouth, and stood waiting to die. She had looked at him."Once I was on the high slopes," Mead said, "and a spring snowstorm came on me, and I lost my way.. "But you yourself said that brit. . . I'm sitting now. You see, I'm sitting. Calm yourself.."Ah, ah, ah," said the old wizard..- but possibly it was not a real tree -- I saw people standing; I approached them, then walked.friends in the Great Port who would find them amusing. ""I have the cheese money,"" he repeated to.Tenar of the Ring is there," said Azver..He sought among memories, among shadows, groping over and over through images: the assault on his home in Havnor; the stone cell, and Hound; the brick cell in the barracks and the spell-bonds there; walking with Licky; sitting with Gelluk; the slaves, the fire, the stone stairs winding up through fumes and smoke to the high room in the tower. He had to regain it all, to go through it all, searching. Over and over he stood in that tower room and looked at the woman, and she looked at him. Over and over he walked through the little valley, through the dry grass, through the wizard's fiery visions, with her. Over and over he saw the wizard fall, saw the earth close. He saw the red ridge of the mountain in the dawn. Anieb died while he held her, her ruined face against his arm. He asked her who she was, and what they had done, and how they had done it, but she could not answer him..But when they came out into the daylight again his head kept on spinning in the dark, and after a few steps he doubled over and vomited on the ground..Some of this I could figure out: I must have sat at her table by chance, when she was not
