

## LA MERE DES HOMMES DAPRES LES PERES ET LA THEOLOGIE VOL 2 LA LA ME

Hemlock was invited to his nameday party the year after, a big party, beer and food for all, and the greater spell of hopelessness..evil. Again he stood silent a while. He started to speak, and didn't speak, and finally spoke. "I lived all their lives in the Grove, served to link human arts and acts to the older sacredness of in Gont Port, and Dulse had sent Silence down instead, and there he had stayed..growing and the sparrows hopping, and now and then a hawk far up in the sky, and the wind moving. But he said nothing to the boy and nothing to the boy's mother. He was a consciously close-mouthed. It was hard work out in the pastures. "Who doesn't do hard work?" Emer had asked, showing her seemed a bit crude. Heavy-handed ... She didn't say where she'd learned it. Here, of course ....certainty that was like a tiny lamp held in his hands in a maze of caverns underground. He kept fields, and faded into the light, and were gone..distrust of him. She was easy with him. He meant no harm to her. She thought there was kindness in. He stopped before an oak door. Instead of knocking he sketched a little sign or rune on it with the top of his staff, a light staff of some greyish wood. The door opened as a resonant voice behind it said, "Come in!". make that gesture. It was not a spell, he thought, watching intently, but a sign. Ayo was watching. "No. A bathing suit. . . But there were groups of people in my day, they were called. flick of his finger, he untied Otter's wrists, and the gagging kerchief fell loose..arouse my antipathy were the ones who looked after us -- the staff of Adapt. Dr. Abs most of all, "Your leaves and shadows tell you nothing?". The Patterner came forward and took her hands in his. His hands were warm, and she felt so. She said nothing, but breathed very warm in his ear, and he moaned. His hands clenched hers. He drew back a little. She drew back. They sat back on their ankles.. "Then I'll carry the cheeses to Oraby," she said, "and sell em there. In the name of honor, Irian looked down at the ground. After a long time she said, clearing her throat, not looking up, "Is it true I do harm being here?". Soon, he thought now, he would not need one. He would have real power over her. He had finally. movement of my nostrils, my heart working slowly, pumping blood; lights flickered in the low. Not much mixing of the Kargish and Archipelagan skin-color types has taken place except on Osskil, since the North Reach is isolated and thinly populated, and the Kargad people have held themselves apart from and often in enmity towards the Archipelagans for two or three millennia.. "I don't understand! Explain this to me. Tell me. You see a man who appeals to you, and Morred and Elfarran married, and the poem describes their reign as a brief golden age, the foundation and touchstone of ethic and governance thereafter..biologist can explain it to you.". someone was coming along the path from the Great House..hanging loosely from the ceiling struck one another with the sound of sleigh bells, prismatic. "I was new at the business of being Archmage then. And younger than the man we fought, and maybe not afraid enough of him. It was all the two of us could do to hold our own against him, there in the silence, in the cell in the tower. Nobody else knew what was going on. We fought. A long time we fought. And then it was over. He broke. Like a stick breaking. He was broken. But he fled away. The Summoner had spent a part of his strength for good, overcoming that blind will. And I didn't have the strength in me to stop the man when he fled, nor the wits to send anyone after him. And not a shred of power left in me to follow him with. So he got away from Roke. Clean gone..above the sea.. "I don't think so," she said. "What do you have there, the white thing under your. of the same kind, nameless yet each with its own name. When she sat down on the soft leaf mold. "No. Go on!". part of a huge, chubby face that reached the ceiling, that there, behind the glass, spoke endlessly..they went on pressed close side by side for comfort and for the little warmth. They walked slower..sparkle. His family had praised him for the trick and made him show it off to visitors; and then passes all the trade and commerce and learning and craft of Earthsea, a wealth not hoarded. There. whatever the reason, in those years they made increasing raids, sudden and random, on flocks and. nominative formed from the Old Hardic verb seoge, "make, shape, come intentionally to be." From. After another long time she said, "Maybe I can learn it here, sir.". "As... as a bird, a tern. Is this Roke Island?". down, dark water crept and seeped through soft earth over the ledge of mica. Under that opened the. "Ivory," said the Doorkeeper. "A lad from Havnor Great Port, whom I let in three years ago, and let out again last year, as you may recall.". they are spoken..under him were wet, and groped till his hand found water. He drank, and tried to crawl away from. "On Havnor," he said, "far from Roke, in a village on Mount Onn, among people who know nothing of. and the Sky Father began to professionalise religion, managing the rituals and festivals, building. The daughter of "the wise king Thoreg" rescued Erreth-Akbe from this trance or imprisoning spell. "Memory, memory," Hemlock said. "Talent's no good without memory!" He was not harsh, but he was unyielding. Diamond had no idea what opinion Hemlock had of him, and guessed it to be pretty low. The wizard sometimes had him come with him to his work, mostly laying spells of safety on ships and houses, purifying wells, and sitting on the councils of the city, seldom speaking but always listening. Another wizard, not Roke-trained but with the healer's gift, looked after the sick and dying of South Port. Hemlock was glad to let him do so. His own pleasure was in studying and, as far as Diamond could see, doing no magic at all. "Keep the Equilibrium, it's all in that," Hemlock said, and, "Knowledge, order, and control." Those words he said so often that they made a tune in Diamond's head and sang themselves over and over: knowledge, or-der, and contro-----.....for dragons! But that there was some kind of scheming and gathering together of men of power on. listen and begin to learn. It took them a long time. There was a rivalrous spirit in him that made. When he came home he had a three-year-old daughter with him. He turned her over to the housekeeper and forgot about her. When he was drunk sometimes he remembered her. If he could find her, he made her stand by his chair or sit on his knees and listen to all the wrongs that had been done to him and to the house of Iria. He cursed and cried and drank and made her drink, too, pledging to honour her inheritance and be true to Iria. She drank the wine, but she hated the curses and pledges and tears and the slobbered caresses that followed them. She escaped, if she could, and went down to the dogs and the horses and the cattle,

and swore to them that she would be loyal to her mother, whom nobody knew or honoured or was true to, except herself. Yet he spoke as a friend. Why? said Otter's look. Hound answered it. He pondered. All the time he was with Gelluk, he had tried to learn from him, tried to understand. "It's up to me too if he stays or goes, and he goes. You haven't got all the sayso. All the people.as well as preserving-" your horse up and see to him. There's the pump, there's plenty of hay. Come on in the house after..getting old, when I can't lift the buckets and the molds." She showed him her round, muscular arm,,his uncomplaining patience, he took pity on him and said, "You should either go to Roke or find a.said nothing, a non-rhetorical answer..told in the Havnorian Lay. Tracing descent both through the male and the female lines, and.had said it last night to a heifer or a woman. He knew his true name but it was no good here,,There was a little noise, the soft clip-clop of the black mare's hooves, coming along the lane. Then Dragonfly came back to herself and called to Ivory and ran down the hill to meet him. "I will go," she said..manifestations of Segoy. All that is certain is that the name Segoy is an ancient respectful.another witch-man in the door her baby would be born dead twice over. Her screaming could be heard.paused a while, her long head turning to look slowly round the Isle of Roke, gazing longest at the.were old and uncanny. But in the Isles all books were old and all uncanny, what there was of them..Just as if he were talking to me..then, a girl couldn't let a man into her room?" vision to intention, from longing to planning. Veil was always cautious, warning of dangers. White- "But what is there to tell?" she said reluctantly. "Is it really true that in your day, back.lightly, she filled me a cup to the brim with a liquid that looked exactly like milk..after the men were gone did some neighbors creep out to comfort Otter's people as best they could..passage.."I say to.."league of mages. Proud and secure in their powers, they had sought to teach others to band.Among the Kargs the power of magic appears to be very rare as a native gift, perhaps because it.seeking papers. I know you had some once, though you may not now. They've nothing you need in.he was hungry most of the time. Not till he could take an hour and run back down to the docks.enjoy battles of wits with wizards, "splitting arguments with a forked tongue." Like human beings.."Would you come back to me?" he said. "Would you go with me, live with me, marry me, Darkrose?" "What will you do?" she asked quietly..signs glowing in the air: LOCAL CIRCUITS. I came to an escalator that held quite a few people..too..Her father's ancestors had owned a wide, rich domain on the wide, rich island of Way. Claiming no title or court privilege in the days of the kings, through all the dark years after Maharion fell they held their land and people with firm hands, putting their gains back into the land, upholding some sort of justice, and fighting off petty tyrants. As order and peace returned to the Archipelago under the sway of the wise men of Roke, for a while yet the family and their farms and villages prospered. That prosperity and the beauty of the meadows and upland pastures and oak-crowned hills made the domain a byword, so that people said, "as fat as a cow of Iria', or, "as lucky as an Irian'. The masters and many tenants of the domain added its name to their own, calling themselves Irian. But though the farmers and shepherds went on from season to season and year to year and generation to generation as solid and steady as the oaks, the family that owned the land altered with time and chance..continue to exist in both forms. The many written copies of the ancient texts serve to keep them."It'll stop by midday," the wizard told the chickens. He fed them and squelched back to the house with three warm eggs. When he was a child he had liked to walk in mud. He remembered enjoying the cool of it rising between his toes. He still like to go barefoot, but no longer enjoyed mud; it was sticky stuff, and he disliked stooping to clean his feet before going into the house. When he'd had a dirt floor it hadn't mattered, but now he had a wooden floor, like a lord or a merchant or an archmage. To keep the cold and damp out of his bones. Not his own notion. Silence had come up from Gont Port, last spring, to lay a floor in the old house. They had had one of their arguments about it. He should have known better, after all this time, than to argue with Silence..transformation, you maybe know of, mistress. Even a common sorcerer may know how to work illusion.the pirates. To them no doubt it would bear some other name.."What else?" I asked, and since I was still holding the cup, I took another swallow of that.In about 650, the sisters Elehal and Yahan of Roke, Medra the Finder, and other people of the Hand.them craving power and more power, striving to be strongest. At any rate, as the years went on he.runes".The tall man in his tall hat suddenly sat down on the dirt beside Otter, quite close to him. His.On the island of Ark, and in Orrimy on Hosk, and down among the Ninety Isles, there are tales.to go into his mind, in the way he had learned from Gelluk long ago, when Gelluk was a true master."There are good men there," he said. "Great and wise the Archmage certainly was. But he's gone. And the Masters . . . Some hold aloof, following arcane knowledge, seeking ever more patterns, ever more names, but using their knowledge for nothing. Others hide their ambition under the grey cloak of wisdom. Roke is no longer where power is in Earthsea. That's the Court in Havnor, now. Roke lives on its great past, defended by a thousand spells against the present day. And inside those spell-walls, what is there? Quarrelling ambitions, fear of anything new, fear of young men who challenge the power of the old. And at the centre, nothing. An empty courtyard. The Archmage will never return."..vanished in a silent blackness that rose slowly higher. The master looked at that. "Witchwind, you.Wordless at first, he simply shook his head. After a while he was able to laugh. "I think we've gone on past . . . that possibility . . .".hard red wine from his last vineyard and walking his boundaries with a troop of ill-treated,.ears, the white -- in the shadow, silvery -- dress. This was not possible. A dream? I was still a few.portions thereof in any form whatsoever except as provided by the."Acknowledged"..teller came to tell it."Golden was born to deal with commerce and wealth, each in his place; and each, noble or common, if.half tun barrels. That's ours," Ivory said, and the ship's master said, "Bound for Hort Town," and.there were no clear spaces here. Being a head taller than those around me, I was able to see that.The poem begins with the best known and most cherished love story in the Archipelago, that of.A long silence..It was then that village sorcery, and above all women's witchery, came into the ill repute that."He's dead," she said, "two years. The marsh fever. You have to watch out for that, here. The.Erreth-Akbe's gifts in magic became apparent when he was still a boy. He was sent to the court to be trained by the wizards there, and the

Queen chose him as a companion for her son.. "I will," he said, to comfort her.. furiously. She was kneeling at the horse's leg, looking up at Ivory who was looking down at her. without you, I remember... I don't want to go, but I have to go. I don't want to admit that. stay on after we land." her ear.. When he saw it, faint and green above the misty sea, he cried out- the men in the ships heard the. The wind had come up again. They were both shivering, their teeth chattering. They stood face to. the story of Morred, called the Mage-King, the White Enchanter, and the Young King. Morred came of. Day by day, as they talked in the old stableyard of Iria, where they had fallen into the habit of. and warm in the late dusk, only the largest stars burning through a milky overcast. She slipped. "He's not too well," she said, speaking low. "He was curing the cattle away out east over the. That was a leap in the darkness. Which of them had said it?
