The first piece is at the bottom of a luminous pool in the center. But it is so grey there that the grey man would blend completely in with the scenery and never get out again. Up this one is a mountain so high that the North Wind lives in a cave there. The second piece of the mirror is on the highest peak of that mountain. It is so windy there, and the grey man is so thin, he would be blown away before he was halfway to the top. Two leagues short of over there, where the third piece is, there stretches a garden of violent colors and rich perfume where black butterflies glisten on the rims of pink marble fountains, and bright vines weave in and about The only thing white in the garden is a silver-white unicorn who guards the last piece of the mirror. Downwind ratio less than five points up at four hundred. Negative corroboration from acoustics-background swamping." The computers were unable to identify vibration patterns correlating with human activity in the data coming in from the sensing devices quietly scattered around the gorge by low-flying, remote piloted "bees" on and off throughout the night; the chemical sensors located to the leeward of the suspected decoys were detecting little of the odor molecules characteristic of human bodies; the microphones had yielded nothing in the way of coherent sound patterns, but this was doubtless because of the white-noise background being generated in the vicinity of the stream. Although the evidence was only partial and negative at that, it supported Swyley's assertion that the main road down to the objective was, incredibly, virtually undefended for the time being.. then clone one by way of an elephant's womb. Did she expect him to recognize her? She was beautiful enough, certainly, to have been someone he ought to recognize, but if he had seen her on TV, he didn't remember. There was a new consensus among them to leave the Martian plants and animals alone. I know it's painful to be told that something in which one has invested intense emotion is not only bad art but bad for you, not only bad for you but ridiculous. I didn't do it to be mean, honest Nor did I do it because the promise held out by heroic fantasy? the promise of escape

into a wonderful Other world?is one I find temperamentally unappealing. On the contrary. It's because I understand the intensity of the demand so well (having spent my twenties reading Eddison and Tolkien; I even adapted The Hobbit for the stage) that I also understand the absolute impossibility of ever fulfilling that demand. The current popularity of heroic fantasy scares me; I believe it to be a symptom of political and cultural reaction due to economic depression. So does Robin Scon Wilson (who electrified a Modem Language Association seminar by calling Dune a fascist book), and Michael Moorcock (see his jacket copy for Norman Spin-rad's The Iron Dream, a novel which vehemently denounces the genre in the same terms Wilson doesf), and the writers of Bored of the Rings, the Lampon parody, from which came "Arrowroot, son of Arrowshirt".
