

## THE SHIPWRECK OR MEMOIRS OF AN IRISH OFFICER AND HIS FAMILY VOL III

Tom plucked the quarter off the glass, folded it into his right fist, and then at once opened his hand, which was now empty..ready to hear me. However long you need. But something ... something extraordinary happened here before you arrived." Between his surgeries and for many months thereafter, Vanadium had devoted his energies to speech therapy, physical rehabilitation, and the concoction of periodic torments for Enoch Cain, which Simon Magusson was able to implement, every few months, through Nolly and Kathleen. The idea wasn't to bring Cain to justice by torturing his conscience, since he'd allowed his conscience to atrophy a long time ago, but to keep him unsettled and thereby magnify the impact of his first face-to-face encounter with the resurrected Vanadium..Celestina had wanted to go to Oregon for the service, but Tom, Max Bellini, the Spruce Hills police, and Wally Lipscomb-to whom, by Sunday, she'd begun talking almost hourly on the telephone-all advised strenuously against making the trip. A man as crazed and as reckless as Enoch Cain, expecting to find her at the funeral home or the cemetery, might not be deterred by a police guard, no matter what its size..Neddy possessed all the musical talent, but Junior had the muscle. Pinned against the wall, his throat in the vise of Junior's hands, Neddy needed a miracle if he were ever again to sweep another glissando from a keyboard..Behind the dog, Mary walked out of nowhere, ball in hand, and Koko whirled in surprise, and the chase was on again..So keep moving. Don't get hung up on the disgusting aftermath. Keep whistling along like a runaway train. Clean up, clean out, roll on..On the fourth floor, at Dr. Klerkle's suite, the hall door stood ajar. Past office hours, the small waiting room was deserted.."Please take the cards from the pack and put them on the coffee table in front of you," Obadiah directed..Having used his body as a clapper in the bell of the Dumpster, Junior had struck a loud reverberant note that tolled like a poorly cast cathedral bell, echoing solemnly off the walls of the flanking buildings, back and forth through the fogbound night..Harrison and Grace had welcomed him in spite of the fact that a friend and parishioner had died on Thursday, leaving them both bereft and with church obligations..The minister had finished. The service was over. No one came to Junior with condolences, because they would see him again shortly, at the Ford dealership buffet..Returning from his tests, he'd gotten into bed without stripping off the thin, hospital-issue robe. He was still wearing it over his pajamas..This baffled Junior. To the best of his recollection, during the weeks that Seraphim had come to him for physical therapy, she had never mentioned an older sister or any sister at all..The end of his quest was near, so near, the right Bartholomew almost within 'mullet range. He was furious with Neddy Gnathic for possibly screwing this up..At this extreme end of town, no streetlamps lit the pavement. With only moonlight to reveal him, he wasn't likely to be recognized if anyone happened to glance out a window..Agnes had read the last half of Red Planet to Barty just the previous night, but he brought the book with him, to read it again.."A ship without an anchor can never be at rest," he answered. "It's at the mercy of the sea." He spat on his right thumb, scrubbed the thumb against one of the dried drips on the floor, rubbed thumb and forefinger together, and brought the freshened spoor to his nose. He smelled blood..Kid's room. Bartholomew's room. Furniture in cheerful primary colors. Pooh posters on the wall..Of course, Seraphim's child would not have a telephone. He was just a baby, dangerous to Junior in a way that was not clear, but a baby nonetheless..Instead, he sat in the breakfast nook with his phone books and resumed the grueling search for Bartholomew..But on March 23, 1966, after a bad date with Frieda Bliss, who collected paintings by Jack Lientery, an important new artist, Junior had an experience that rocked him, added significance to the episode in the diner, and made him wish he hadn't donated his pistol to the police project that melted guns into switchblades..The silence on the line was not merely that of a caller holding her tongue. It was abyssal and perfect, as no silence on a telephone ever can be, without the faintest hiss or crackle of static, no hint of breathing or..Even as this news pleased Junior, it also saddened him. He was not merely interring a lovely wife, but also his first child. He was burying his family..Using all is powers of concentration, which were formidable, Junior sought to silence the phantom Chicane. At first, the voice steadily faded, but soon it grew louder again, and more insistent..Now out of the kitchen, along the hall, and up the stairs, two at a time, into Victoria's bedroom. Not with the intention of snaring a perverse souvenir. Merely to find a blanket.."That's the Oreo. After I ate it up, the cookie went smoosh--smoosh into my finger." "Too bad. You might have used that to bargain with." The girl sucked in deep lungfuls of the weary clouds. "Better hold tight, Mommy, I'm gonna float." Too rattled to want lunch at the St. Francis Hotel or anywhere else, Junior returned to his apartment.."You're the one who said your cold's just here. Maybe it stays in the kitchen, hoping it'll get a piece of pie." Her father respected and admired Tom, so she was thankful for his presence. And anyone who could survive whatever catastrophe had left him with this cubistic face was a man she wanted on her team in a crisis..The shriek of the sirens groaned into silence. The police must have pulled to the curb in the street.."Yes, I'm nicely rounding myself into an early grave," he said almost cheerfully. "And I must admit to enjoying it." Both the red and the white wines were too cheap for Junior's taste' so he drank Dos Equis beer and got two kinds of high by inhaling enough secondhand pot smoke to cure the state of Virginia's entire annual production of hams. Among the two or three hundred partyers, some were tripping on some exhibited the particular excitability and talkativeness typical of cokeheads, but Junior succumbed to none of these temptations. Self-improvement and self control mattered to him; he didn't approve of this degree of self indulgence..Her strength was the strength of stones only in the sense that she felt as immovable as rock, yet she found the resources to raise one arm, to place her left hand over Maria's bead-tangled fingers. "But the baby's dead." By the time his ferocious in-laws had finished with him, Junior would have won the sympathy of Knacker, Hisscus, Nork, and everyone else who might have harbored doubts about his role in Naomi's demise. Perhaps even Thomas Vanadium would find his suspicion worn away.."We have reason to believe that the man who raped your sister is stalking you." Paul withdrew the pistol from

the drawer. The weapon didn't feel as good to him as guns always felt in the hands of pulp heroes..before used. Boeotian. A dull, obtuse, stupid person. He felt very Boeotian all of a sudden.."We have dams, though," said Jacob, gesturing with his fork. "The Johnstown Flood, 1889. Pennsylvania, sure, but it could happen here. And that was a one, let me tell you. The South Fork Dam broke. Wall of water seventy feet high totally destroyed the city. Your tornado killed almost seven hundred, but my dam killed two thousand two hundred and nine. Ninety-nine entire families were swept from the earth. Ninety-eight children lost both parents."..Now, here, all three on the street and vulnerable at once-the man, Celestina, the bastard boy..Beveled, crackled, distorted, divided into petals and leaves, Deed's face beyond the lead-ad glass, as he leaned closer to try to peer inside, was the countenance of a dream demon swimming up out of a nightmare lake..Under other circumstances, Agnes might have blushed, but now her apparently irrational fear of too much life insurance had been vindicated..Junior, putting himself in the detective's place, could think of a few reasons for this visit to Seraphim's grave. Unfortunately, not one of them supported his contention that he was an innocent man..When Celestina first entered his ICU cubicle, the sight of his face scared her in spite of the surgeon's assurances. Gray, he was, and sunken-cheeked-as though this were the eighteenth century and so many medicinal leeches had been applied to him that too much of his essential substance had been sucked out..Her metal hands were still crossed defensively over her breasts. The artist had welded large hexagonal nuts to her rake-tine fingers to suggest knuckles, and balanced on one nut was a fourth quarter..Livor mortis had already set in, blood draining to the lowest points of her body, leaving the fronts of her bare legs, one side of each bare arm, and her face ghastly pale..They were in the rain, the solid-glassy-pounding-roaring rain, every bit as much as Gene Kelly had been when he danced and sang and capered along a storm-soaked city street in that movie, but whereas the actor had been saturated by the end of the number, these two children remained dry. Tom's eyes strained to resolve this paradox, even though he knew that all miracles defied resolution..Onward he came, past the left front fender, gleefully hopping up and down, as if on a pogo stick, still waving..Eleven days had passed since Wally stopped three bullets. He still had a little residual weakness in his arms, grew tired more easily than before he'd wound up on the wrong end of a pistol, complained of stiffness in his muscles, and used a cane to keep his full weight off his wounded leg. The rest of the medical care he required, as well as physical rehabilitation, could be had in Bright Beach as well as in San Francisco. By March, he should be back to normal, assuming that the definition of normal included massive scars and an internal hollow space where once his spleen had been..But both the Church and quantum physics contend there is no such thing. Coincidence is the result of mysterious design and meaning--or it's strange order underlying the appearance of chaos. Take your pick. Or, if you choose, feel free to believe that they're one and the same..Waking from a starry night in the Old West into electric light, gazing up into a blur of faces sans cowboy hats, Agnes felt someone moving a piece of ice in slow circles over her bare abdomen. Shivering as the cold water trickled down her sides, she tried to ask them why they were applying ice when she was already chilled to the bone, but she couldn't find her voice..Chicane wasn't alone. Sparky Vox, the building superintendent, approached behind him and hovered. Seventy-two yet as spry as a monkey, Sparky didn't walk so much as scamper like a capuchin..Vanadium arrived and stood beside Junior. His black suit was cheap, but it fit better than Rudy's..For a spirit, the maniac lawman appeared disturbingly solid. He wore a tweed sports jacket and slacks that, as far as Junior could tell, were the same clothes he'd worn on the night he died. Apparently, even the ghosts of Sklent's atheistic spiritual world were stuck for eternity in the clothes in which they had perished..Anyway, if Seraphim were still alive, she would be only nineteen now, too young to have graduated from Academy of Art College..Vanadium nodded. "And I'd like to hear about Cain's reactions in more detail. I've read your reports, of course, and they've been thorough, but necessarily condensed. There'll be lots of subtleties that only reveal themselves in conversation. Often, the apparently insignificant details are the most important to me when I'm devising strategy."..The reverend made the first toast, speaking so softly that his tremulous words seemed to bloom in Celestina's mind and heart rather than to fall upon her ears. "To gentle Phimie, who is with God."..Neddy favored a quick greeting, two curt pumps, but Junior held fast after the handshake was over. He didn't grind the musician's knuckles, nothing so crude, just held on pleasantly but firmly. His intention was to confuse and further rattle the man, taking advantage of his obvious dislike of having his personal space encroached upon, in the hope that Neddy would reveal why he'd been watching Junior so intently from across the room..Earlier, the dirty-sheet clouds had been wrung dry. Now, the trees that overhung the house had finally stopped dripping on the cedar shingled roof The night was so still that Agnes could hear the sea softly breaking upon the shore more than half a mile away..Agnes had the craziest notion that he was counting them, when at is age, Of course, he would have no concept of numbers..Few people will spend the greater part of their youth in school, struggling to obtain the education required for a medical specialty, unless they have a passion to heal. Franklin Chan was a healer, whose passion was the preservation of vision, and Agnes could see that his anguish, while a pale reflection of hers, was real and deeply felt..The hospital room was softly lighted, and shadows roosted on all sides like a flock of slumbering birds..Ministering to Perri, Joshua had pulled back her blankets. The fabric of the pale yellow pajama pants couldn't disguise how terribly withered her legs were: two sticks..Descending the stairs, Edom said, "September 18, 1906, a typhoon slammed into Hong Kong. More than ten thousand died. The wind was blowing with such incredible velocity; hundreds of people were killed by sharp pieces of debris-splintered wood, spear-point fence staves, nails, glass-driven into them with the power of bullets. One man was struck by a windblown fragment of a Han Dynasty funerary jar, which cleaved his face, cracked through his skull, and embedded itself in his brain."..Angel, as if in God's own hands, stared with round-eyed wonder at the physician..she'd crossed herself during Edom's rant about the Tri-State Tornado of 1925. Then, she'd been warding off bad fortune; now, with a smile and a look of wonder, she was acknowledging the grace of God, which, according to the

cards, had been settled generously on Bartholomew..At her touch, she felt a tension go out of the doctor. His hands slipped from his face, and he turned to her, shuddering not with fear but with what might have been relief..If blood tests revealed that Junior wasn't the father, Vanadium would have a motive. It wouldn't be the right motive, because Junior truly hadn't known either that his wife was pregnant or that she was possibly screwing around with another man. But the detective would be able to sell it to a prosecutor, and the prosecutor would convince at least a few jurors..Nolly was, as usual, "Nolly" to everyone, but here Kathleen was "Mrs. Wulfstan.".She nodded. And could not lift her gaze from her hands. Could not meet his eyes, afraid that his worry would feed her own, afraid also that the sight of his sympathy would shake loose her perilous grip on her emotions..For a moment, none of them spoke. The silence was as flawless as the preternatural hush reputed to precede the biggest quakes..Softened by a Shantung shade, the lamplight was golden on his small smooth face, but sapphire and emerald in his eyes..The first was an ace of hearts. This, Maria said, was a very good card, indeed. It meant that Barty would be lucky in love.."Don't worry, love. I'll make sure the snap's are constructed so you can get it off me easily enough." Flanking the wheelchair, Edom and Jacob spent less time watching the graveside service than studying the sky. Both brothers frowned at that cloudless blue, as though seeing thunderheads.."You don't get the heebie-jeebies," Max said. "You give 'em. Tell me what's wrong." His mother tried to explain. "It's as if you'd found some great jewel," she said, "and what's one of us to do with a diamond but hide it? Anybody rich enough to buy it from you is strong enough to kill you for it. Keep it hid. And keep away from great people and their crafty men!".Wonderful. Oh, perfect. So Neddy, a friend of Celestina's, knew that Junior, reputed to be a vicious sadist, had attended this reception under a false name. If Junior really was a sleazy pervert of such rococo tastes that he would be shunned even by the scum of the world, even by the deranged mutant offspring of a self-breeding hermaphrodite, then surely he was capable of murder, too.."I'm glad to hear it," Tom said. His thin smile might have been ironic, though it wasn't easy to interpret the meaning of any subtle expression on his hammered face.Junior had no idea who the driver of the Buick might be, but he hated the tall lanky son of a bitch because he figured the guy was humping Celestina, who would never have humped anyone but Junior if she had met him first, because like her sister, like all women, she would find him irresistible. He felt that he had a prior claim on her because of his relationship to the family; he was the father of her sister's bastard boy, after all, which made him their blood by shared--progeny..As luck would have it," the nun said, "Dr. Lipscomb was in the when it happened. He'd just delivered another baby under.A quick tug on each pants cuff revealed no ankle holster, which was how many cops would choose to carry an off-duty piece..If Cain had been attracted to one woman by her looks, surely he would be attracted to the other. And perhaps the sisters shared a quality other than beauty that drew Cain with even greater power. Innocence, perhaps, or goodness: both foods for a demon..His patience exhausted, the pianist wrenched his hand out of Junior's grip. He glanced around nervously, certain that they must be the center of attention, but of course the reception guests were lost in their witless conversations, or they were gaga over the maudlin paintings, and no one was aware of this quiet little drama..Dessert was on the house. The waiter brought the four best items on the menu, to spare them the need to make two small decisions after having made such a big one..After carrying the two pieces of luggage to the car in the garage, he returned to the study. He sat at the desk and examined the contents of the drawers, then turned to the file cabinet..And had Phimie, retrieved from death by the resuscitation procedures of the surgical team, repaid Nella's kindness with her own stunning message to Lipscomb?.He might have felt properly foolish if he had not suffered so much personal experience of Enoch Cain. This was a false alarm, but considering the nature of the enemy, it wasn't a bad idea to put himself through a drill from time to time..Somewhere, he does. Daddy died here, but he didn't die every place I am. it's lonely for me here, but not lonely for me everywhere..He also sought a supplier of high-quality counterfeit ID. This proved easier than he anticipated..The shakes returned, became more violent than previously--and then once more passed..Even the Shantung-softened lamplight blazed too bright and did not serve her well, so she switched it off and said, "Scoot over." Yet had the obstacles been piled twice as high, the time had come to put into words what they felt for each other and to decide what they intended to do about it. Celestina knew that in depth and intensity, as well as in the promise of passion, Wally's love for her equaled hers for him; out of respect for her and perhaps because the sweet man doubted his desirability, he tried to conceal the true power of his feelings and actually thought he succeeded, though in fact he was radiant with love. His once-brotherly kisses on the cheek, his touches, his admiring looks were all still chaste but ever more tender with the passage of time; and when he held her hand-as in the gallery this evening-whether as a show of support or simply to keep her safely beside him in a crosswalk on a busy street, dear Wally was overcome by a wistfulness and a longing that Celestina vividly remembered from Junior high school, when thirteen-year-old boys, their gazes filled with purest adoration, would be struck numb and mute by the conflict between yearning and inexperience. On three occasions recently, he seemed on the brink of revealing his feelings, which he would expect to surprise if not shock her, but the moment had never been quite right.."And after Phimie was gone ... he still hoped to learn the rapist's name, put him in prison. But then something changed his mind ... oh, maybe two years ago. Suddenly, he wanted to let it go, leave judgment to God. He said if the rapist was as twisted as Phimie claimed, then Angel and I might be in danger if we ever learned a name and went to the police. Don't stir a hornet's nest, let sleeping dogs be, and all that. I don't know what changed his mind." More walls than not, in both rooms, were lined with bookshelves and file cabinets. Here he kept numerous case studies of accidents, man-made disasters, serial killers, spree killers: proof undeniable that humanity was a fallen species engaged in both the unintentional and calculated destruction of itself..Friday morning, Junior resigned his position as a physical therapist at the rehabilitation hospital. He expected to be able to live well off interest and dividends for the rest of his life, because his tastes were modest..As he rose from his chair, Barty began to reacquaint himself with the

feeling of all the ways things are, began to bend his mind around the loops and rolls and tucks of reality that he had perceived on the roller coaster that day, and by the time he had followed Angel and Tom to the bottom of the stairs and into the oak-shaded yard behind the house, the day faded into view for him. With no clear awareness of having left the guest room, Paul looked down the enclosed stairs. Perhaps this particular worry was not ordinary maternal concern. If a sixth sense is at work in all of us, then perhaps subconsciously Apes was aware of the tragedy to come: the tumors, the surgery, the blindness. "What's this?" the man asked her, as Sinatra swooped through "Come Fly with Me." Without commenting, Tom continued: "And worlds just like ours—except that my parents never met, and I was never born. Worlds in which Wally was never shot because he was too unsure of himself or just too stupid to take Celestina to dinner that night or to ask her to marry him." "I don't know." He was silent a moment. "That's what's going to be interesting." Under the spoon to catch drips, she conveyed the shimmering sliver to Agnes's mouth. He didn't allow himself to ponder why Vanadium had come here or what relationship might have existed between the cop and Victoria. All that was for later consideration, after he had dealt with this unholy mess. Waking from a bad dream, he sometimes thought he heard the ratcheting of gear-wheel feet. The scrape and creak of rusted iron joints. The clink of rake-tine fingers rattling against one another. The boy didn't at once answer, and when Agnes looked up from Red Planet, she saw that he was staring oddly at her. He squinted, as if puzzled, and said, "The twisty spots just jumped off the page right up on your face." On Friday evening, he had arranged for the drawing of the aces, but he had not stacked the subsequent twelve cards to provide for the selection of four identical knaves at three-card intervals. He'd sat in stunned. "Mr. Magusson, you once told me that if Detective Vanadium ever bothered me again, you'd have his choke chain yanked. Well, I think you need to talk to someone about that." "Oh? Do they rent their house out to pirates with little pirate children, clowns with little clown children?" Why Cain, even if he was the father, should be interested in the little girl was a mystery to Tom Vanadium. This totally self-involved, spookily hollow man held nothing sacred; fatherhood would have no appeal for him, and he certainly wouldn't feel any obligation to the child that had resulted from his assault on Phimie. The musician's behavior required explanation. After wending through the crowd, Junior located the man in front of a painting so egregiously beautiful that any connoisseur of real art could hardly resist the urge to slash the canvas to ribbons.
